Knives, Pistols, Guns, Ammunition, Toys and Fancy Goods,

—AND IS THE—

Agent in Woodland for the Florence Sewing Machine.

P. S.—All Watch and Jewelry Repairs guaranteed satisfactory. my18-3m

BRICKS! BRICKS!

And Brick Buildings.

The undersigned having consolidated their interests in the brick and building business, are now prepared to contract and erect structures of brick, or any building in the line of brick work, at low prices. We feel confident that we can and will erect brick buildings for a less price than any other locality upon the coast. It has been satisfactorily proven that brick withstood the terrific fire fiend in Chicago better that stone or any other material that was used in erecting the costly structures in the famed city of the great northwest, and as this is a very dry country the greater part of each year, (this a wet season) hence the necessity of building habitations and places of business out of indestructible material by the fire element, and guard against the extreme of the Summer sun. Brick houses can be made much cooler than wooden ones.

To the People of Woodland and Vicinity

We would say that we intend to manufacture a large amount of brick this season, which will enable us to sell and erect buildings for a less price than if we did not manufacture largely.

To the People of Dixon and Davisville

That we will furnish you brick upon the cars in Woodland at a low figure when any considerable quantity is taken.

For any of the people in the country, living at too great a distance to haul bricks from our yard here, we are prepared, if they desire it, to make the brick upon their farms and erect their buildings.

Woodland, March 9th, 1872.
je8-3m CRAFT & ELLIOTT.

BANK OF WOODLAND.

WOODLAND, CAL.

Capital Stock $500,000.

J. D. STEPHENS.....PRESIDENT.
F. S. FREEMAN...VICE PRESIDENT.
C. W. BUSH.....CASHIER.

Money Loaned on Real Estate, Personal or Collateral Security.

Discount days, Tuesdays and Fridays.

Exchange Furnished on Sacramento, San Francisco, and Eastern and European Cities.

Collections promptly attended to at all available points.

☞ County Warrants purchased, and Greenbacks and all kinds of Government Securities bought and sold. Papers, and all kinds of valuables, securely kept, free of charge. jel

HOUSE, SIGN, CARRIAGE
—AND—
ORNAMENTAL PAINTING.

The undersigned, having permanently located in Woodland, would respectfully solicit the patronage of the public. They are prepared to do work in the best style, such as

Graining, Marbling, Sign-painting, etc.

None but the best materials used in our work.

PAPER-HANGING.

Contracts taken for papering houses and rooms, and work done at reasonable rates. All work warranted to give satisfaction.

HOERNLEIN & STOCKWELL.

☞ Office, one door south of Dr. Ray's office, near railroad, Woodland. my25-3m

WATCHES, CLOCKS,
SEWING MACHINES!!

Having fitted up a REPAIRING SHOP in my store with Messrs. Jacobs, Meyerson & Co., Woodland, opposite the College, I am better than ever prepared to do Repairing on all kinds of WATCHES, CLOCKS, JEWELRY &c., and respectfully invite a share of patronage in that line.

I also have for sale an article but little used on this coast, but which is a great favorite at the East. I refer to the

Domestic Sewing Machine,

Which I claim is the best Family Sewing Machine ever offered to the public. Call and examine it for yourselves.

mh30-tf M. W. HOWELL.

ARCADE
RESTAURANT,
WOODLAND.

MEALS AT ALL HOURS COOKED TO ORDER.

M. FURNISS, late of the Capitol Hotel, has opened a Restaurant in the brick building fronting opposite the College and one door East of Pryor's Harness Shop, where meals may be had at all hours.

REGULAR DINNER HOUR 12 O'CLOCK.

☞ Nice Sleeping Rooms have been fitted up—large, clean, airy and well ventilated. my25-3m

Thanking for past patronage, I respectfully ask my old friends and others to call and see me at my new rooms, where I will promise to give entire satisfaction in all cases. ap14-3m

The Age of Man.

[Written for The Yolo Democrat.]

[The following communication was received some weeks ago, but was mislaid until now, which we regret, and assure the fair writer that the delay in its publication has not been intentional.—ED. DEM.]

Innumerable theories have been advanced as to when man first made his appearance on earth. None, so far, have been proven to be strictly correct. Even the most expert geologist is unable to state with any degree of accuracy, the exact period when this wonderful event took place. During the ages preceding the posttertiary period the continent had been growing by degrees very slowly until it reached its present dimensions. Our earth, once a glaring ball of fire, secondly deluged with water, becomes in the posttertiary period covered with ice. It is supposed that man made his appearance on earth just as the ice-floats began to melt away, to become its ruler. There are various evidences of the truth of this statement. As stone implements, together with embers of fire, which man alone can kindle, have been found in the cave-earth of the posttertiary period, and beside them have been found the remains of extinct animals. The common opinion of most geologists is that Adam was the first created human being. The fact that human remains have been found side by side with the remains of extinct species of animals does not prove that they necessarily existed before Adam. For some birds and quadrupeds have become extinct of late years. The ostrich and buffalo of the present day are fast nearing extinction. In the red sandstone of the Connecticut valley there have been found numerous footprints described by some authors to be the tracks of birds, and by others to be the tracks of a three-toed reptile somewhat similar to the Ramphorhyncus. This would seem to show that had man lived in the sandstone days his tracks might be found with those of other animals. The history of man is divided into two ages, the stone and metal ages. The primeval man during the first part of the stone age was entirely dependent upon the chances of the chase, while toward the latter part agriculture and fishing was attempted. The metal age indicates a great advance in civilization. During this age man attained great perfection in making iron, whose reduction is probably the most difficult of metals; unlike tin, copper and gold, it is found chemically combined with other metals. Bronze was first used, in which epoch life witnessed a still higher condition. With the discovery of iron civilization was fairly established. The primeval man shows no sign of a development from the higher tribes of animals, such as the monkey. There is a strong inclination on the part of some people to think that their progenitors were probably chatterers among the branches of the tropical forests, to whom was given a capacity for progression. Man is not a perfected monkey. No monkey ever made any improvement on the condition in which he was born, while man is continually improving, and making new inventions to better his condition in life. A still wider difference is that man, whether civilized or uncivilized, buries his dead with some kind of religious ceremonies — in some cases placing in their grave arms and food for the spirit land; showing a belief in an immortal soul, while an ape has no idea of a hereafter. Man is indeed earth's ruler. C. A. M.

Sacramento River, Yolo Co.

CRUSOE'S ISLAND—THE NEW COLONISTS TAKE POSSESSION.—At a distance of less than three day's voyage from Valparaiso, in Chile, and nearly in the same latitude with this important port on the western coast of South America, is the island of Juan Fernandez, where once upon a time Alexander Selkirk, during a solitary banishment of four years, gathered the material for De Foe's "Robinson Crusoe." This island, little thought of by the inhabitants of the Chilean coast-land, has lately become of some interest by the fact that in December, 1869, it was ceded to a society of Germans, under the guidance of Robert Webrhan, an engineer from Saxony, for the purpose of colonization. The *entre preneur* of this expedition, Robert Webrhan, left Germany eleven years since, passed several years in England, served as major through the war between the American States, and was subsequently engaged as engineer of the Ceropasco Railroad in South America. He and his society, about sixty or seventy individuals, have taken possession of the island, which is described as being a most fertile and lovely spot. They found there countless herds of goats, some thirty half wild horses, and sixty donkeys, the latter animals proving to be exceedingly shy. They brought with them cows and other cattle, swine, numerous fowls, and all the various kinds of agricultural implement, with boats and fishing apparatus, to engage in different pursuits and occupations. The grotto, made famous as Robinson's abode, situated in a spacious valley, covered with large fields of wild turnips—a desirable food for swine—has been assigned to the hopeful young Chilean gentleman to whom the charge of the porcine part of the society's stock has been entrusted, and he and his proteges are doing very well in their new quarters. Juan Fernandez is one of the stations where whaling vessels take in food and water.

THE BATH IN SMALL-POX.—Dr. Stokes, Regins Professor, of Dublin, says: "We cannot doubt that the mortality in small-pox hospitals would be greatly dimished by the use of the bath." After describing a very severe case of confluent small-pox, in which the patient was kept alive only by stimulants, he says the trial of the warm bath was suggested to him by Mr. Smyly. "The effect was instantaneous and marvelous. The delirium ceased as if by magic. It was the delirium of pain, and the patient exclaimed: "Thank God! thank God! I am in Heven! Why didn't you do this before?" The fetor immediately and completely disappeard, so that, on entering the ward, no one could suppose that there was a case of small-pox in it. He was kept at least seven hours in the bath." This case and its singular result, in addition to the experience of Hebra, justify the recommendation of the use of the bath.

Speech of Senator Sumner—His Exposure of President Grant.

WASHINGTON, June 1.—The speech of Sumner in the Senate yesterday was over four hours in delivery. It was almost entirely devoted to an elaborate arraignment of President Grant, officially and personally, couched in language always severe and often bitter.

He accused the President of being a gift-taker; a nepotist; a selfish pleasure seeker, spending his time with fast horses or in traveling about the country and loitering at the sea-side resorts. He referred in severe terms to the San Domingo annexation scheme, repeating the arguments used by him in former speeches. He declared that his government was a personal one; that it thought to coerce the Senators and Representatives of the people to its support, regardless of the principles of the Republican party which elected him. Referring to the efforts to renominate Grant, he said they tended directly to the disruption of the Republican party, because the name of the candidate became the sign for discord, and this disruption he accused the President of tacitly ratifying by persisting in his candidature. He then asserted that Grant had surrounded himself with a corrupting horde of personal followers; that he engaged constantly in personal quarrels, unconscious that the President has no right to quarrel with anybody; that he makes personal objects a primary pursuit, so that instead of a benficent presence, he is a bad example through whom Republicanism suffers constantly, and the people learn wrong.

He referred to the President's military education and career, and argued that a successful soldier is rarely ever changed to a successful civilian, citing many cases from history in support of his proposition, notably that of Gustavus Adolphus, Frederick the Great and Marlborough. Referring to the President's political history, he repeated that he never voted but once in his life, and then for Buchanan. He detailed a conversation that he had with Secretary Stanton in December, 1869, shortly before his death, in that month, in which he said he knew the President better than any one in the country could know him, and that he knew he could not govern the country.

Reviewing the acts of his administration, Sumner began with his selections for the Cabinet, in which he said the general disappointment was equaled only by general wonder. He said that all tradition, usage and propriety were discarded, and the just expectations of the party that elected him set at naught. The offices of the country, he said were similarly disposed of, and in this connection he again enlarged on the nepotism of the President.

Alluding to our foreign relations, he said that he felt bound to say that never before has the management been so wanting in ability and so absolutely without character, and declared that in all directions there was one diversified muddle.

Aside from the personalities of the speech, which were marked and bitter, almost every act of the President's life, private and public, were criticised. The speech was much the same as those made heretofore by the Senator on the San Domingo Question, Civil Service Reform, and on the Arms Investigation.

He concluded as follows: I await the determination of the National Convention of delegates from my own much honored commonwealth, with whom I rejoice to act. With anxiety do I wait, but with earnest hope that the Convention will bring the Republican party into its ancient harmony, and save it from the suicidal folly of an issue on the personal pretentions of one man.

OVER ONE THOUSAND PERSONS DROWNED.—London, May 8th—Noon. A dispatch just received in this city contains information of a terrible calamity which has befallen the town of Vellore, British India. During a hurricane which extended for miles along the eastern shores of the Indian Ocean, the waters rose to an immense height, and swept over the sloping table lands which form the coast boundary of the Presidency of Madras, inundating the country for miles into the interior. The town of Vellore was covered by the flood: many houses were swept entirely away, and upward of one thousand of the unfortunate inhabitants were drowned. At the first approach of the sea, large numbers of persons fled from the town in precipitate haste, and sought refuge in the mountainous districts to the south. When the hurricane abated and the flood receded, the country bordering on the sea coast was found to be strewn with the bodies of men and animals, mingled with the wrecks of dwellings. The amount of damage occasioned by the flood is beyond estimation. Over 11,000 of the inhabitants of Vellore are houseless, and are now living in rude and improvised dwellings until a better means of shelter is obtainable. Three thousand unfortunate families are stated to be utterly destitute, every portion of their effects having been swept away by the voracious flood.

Thousands of acres of crops which, before the present calamity, were in a thriving condition, are totally ruined, and the prospects of the sufferers with regard to the means of subsistence are at present of a most discouraging character. Vellore is a fortified town of British India, in the Presidency of Madras. It is both large and populous, and is one of the best built and most important towns in the Presidency.

SEYMOUR-PENDLETON-HENDRICKS. Among the old-time Democrats of the Northern and Western States there are no three statesmen so influential as Horatio Seymour, George H. Pendleton and Thomas A. Hendricks. The public already know on the very best evidence how Gov. Seymour and Mr. Pendleton stand in regard to the acceptance of Greeley and Brown by the Baltimore Convention. We have very excellent authority for saying that Mr. Hendrieks has recently expressed opinions on that subject in close accord with those entertained by the two gentlemen first named.—*N. Y. Sun.*

AUGUST BELMONT.—The Omaha *Herald*, May 24th, says: "We were permitted to see a letter last evening from Mr. Belmont, written to a prominent Democrat in this city, in which he used the following language: 'I hope that the Baltimore Convention will accept the Cincinnati nominations as the only means of defeating the present corrupt administration.'"

Governor Downey for Greeley.

A late number of the New York *Tribune* contains the following letter from that staunch, life-long Democrat, Hon. J. G. Downey, ex-Governor of California, who it will be seen is unqualifiedly in favor of reform and the endorsement of the Cincinnati nominees:

LOS ANGELES, CAL., May 8, 1872.

SIR:—It is seldom that I intrude myself upon the attention of the public, as I cannot be considered a politician in the general sense of the term. I have held public positions in all grades, from Town Councilman to Governor, and endeavored in a modest way to fulfill the sacred trust imposed by the will of a free people with satisfaction to my conscience and, I believe, the expressed pleasure of a generous constituency. As a citizen of this Republic, I hail, with satisfaction, the nominations of the Cincinnati Convention as an omen that the people intend to return to our original purity in the management of our national affairs, and the example set at the National Capital has permeated State, County, and Municipal Governments to such an extent that the tax-payer has lost all respect and confidence in public men, and now begins to doubt the wisdom of our form of government. I have all my life been a Democrat, but I think this the opportune time to forget party and the empty platitudes of platforms, and select men of well-known rectitude of character, who will bring back the country to its original sense of public economy. And in this view I hope the Democratic party will not hesitate or wait for a Convention in July, as by that time the mind of the nation will be made up. In my conception, the Democratic Committeee is competent to determine this matter to the entire satisfaction of the party, and acting promptly, they will settle men's minds and make success a matter of certainty. Now, among all the candidates whose names appeared before the Convention, I regard Horace Greeley's as the most fortunate. He is acceptable to the South, and the cause of Ireland, Germany and Italy has always found in him a kind advocate. The freedmen, if there be any gratitude in them, must recollect his services, and from every point of view I can only discern success. Work we have, no doubt, before us, but the prize we contend for deserves an effort worthy a great people. I am a business man and not a politician, but an occasion like the present will bring me out, and I will travel wherever I can be made useful for Greeley and Brown. JOHN G. DOWNEY.

NORDHOFF ON CALIFORNIA.—Mr. Charles Nordhoff writes as follows in *Harper's Monthly* about traveling in California: "Certainly in no part of the continent is pleasure-traveling so exquisite and unalloyed a pleasure as in California. Not only are the sights grand, wonderful and surprising in the highest degree, but the climate is exhilarating and favorable to an active life; the weather is so certain that you need not lose a day, and may lay out your whole tour in the State without reference to rainy days, unless it is in the rainy season; the roads are surprisingly good, the country inns are clean, the beds good, the food abundant and almost always well cooked, and the charge moderate; the journey from New York to San Francisco which costs no more than the steamer fare to London, and is shorter than a voyage across the Atlantic is in itself delightful as well as instructive. Probably twenty Americans go to Europe for one who goes to California; yet no American who has not seen the Plains, the Rocky Mountains, the Great Salt Lake and the wonders of California can honestly say that he has seen his own country, or even that he has an intelligent idea of its greatness."

GREELEY.—The New Haven *Register*, in describing its own feelings towards Mr. Greeley, very accurately, we believe, expresses those of the great mass of Democrats. Says that paper: "We have fought Mr. Greeley for thirty years, and therefore cannot be supposed a very warm advocate of his nomination for President. With a Democratic candidate in the field, and under the old issues, we could not support him. Upon the platform adopted at Cincinnati and its endorsement at the Baltimore Convention, we *could* sustain him. We do not care what men *have been*—what they are *now*, is the important question. We will cooperate with those who are opposed to the reelection of Mr. Grant—because we believe him a most dangerous man to the liberties of the country, and in another term would be likely to subvert them entirely! Partisan as Mr. Greeley has been—eccentric as he is, in some particulars—wrong, as we believe, in his tariff views—yet we regard him as a lover of his country, as a man who knows and accepts the principles of Republican government, would resist a military despotism, and put a stop to the stealing, the perjury, and the general corruption of this vile administration."

THE SUIT AGAINST GEN. BUTLER.—The suit by Henry A. Tilden against Benjamin F. Butler is to recover the value of the steamer Nassua, which was seized by Gen. Butler when he commanded at New Orleans, on the ground that she was needed for the service of the United States Circuit Court. Mr. Tilton was present, and asserted, in the strongest terms, that the alleged cause for seizing the vessel was a mere pretext, as she could have been run for the Government in the hands of her owner at a small cost, whereas Gen. Butler got about $120,000 from the Government to be paid as damages for the seizure, $68,000 of which was given by him to his brother, Andrew Jackson Butler, and about $26,000 to Tilden, Gen. Butler keeping the balance, about $26,000, himself. The case was set down peremptorily for trial on the 10th of June.—*N. Y. Sun.*

FOR GREELEY AND BROWN.—The Vallejo *Chronicle* says A. J. McPike, member of the Democratic County Committee reports that all of the members of that body who were present at the meeting at Suisun on Monday, were unanimous in their support of the Greeley and Brown ticket. The members of the Committee also reported that the Democrats of their respective districts with whom they had held conversation were similarly inclined.

Agricultural Statistics.

The following statistics of the number and size of farms in California are from advance sheets of the census report:

California has 23,744 farms, distributed as follows: The number of farms having three acres and under ten, 2,187; ten and under twenty, 1,086; twenty and under fifty, 3,094; fifty and under one hundred, 3,224; one hundred and under five hundred, 12,248; five hundred and under one thousand, 1,202; one thousand and over, 713. Total acreage in farms, 11,427,105, of which 6,213,133 acres are improved, and 5,203,962 are unimproved. The percentage of unimproved land in farms to the total land in farms is 45.6, which compares very favorably with other States, many of which rise as high as 70 per cent. of unimproved land, and one (Wyoming) as high as 92 per cent. The average size of farms in California is 482 acres—the highest average in the whole of the United States. The nearest approach to this is Georgia, the average size of whose farms is 338 acres.

Examining the list of California farms by counties we find that Marin has the greatest number of large estates, possessing 67 of over 1,000 acres each. Solano comes next, with 65 thousand-acre farms; Sonoma has 61; Stanislaus, 58; San Joaquin and Yolo, 42 each; San Luis Obispo has 50; Colusa, 41; Contra Costa, 33; Tehama, 27; Butte, Merced and Sacramento, 21 each; Sutter, 20; Alameda, 19; Humboldt, 11; Yuba, 10; Los Angeles, Mendocino, San Mateo and Siskiyou, 9 each; Napa and Santa Clara, 8 each.

The largest number of farms of five hundred and under a thousand acres is found in Sonoma, which has 120. Then follows San Joaquin, with 102; Stanislaus, 107; Marin, 90; Sacramento, 84; Solano, 66; Yolo 63; Colusa and Contra Costa, 40 each; Alameda 30, and the rest with smaller numbers.

San Joaquin has 1,147 farms of one hundred and under five hundred acres. Then follows Yolo, with 928; Sonoma, 883; Solano, 710; Sacramento, 689; Stanislaus, 646; Contra Costa, 645; Sutter, 568; Alameda, 519; Santa Clara, 555, and downward.

The largest number of farms of fifty acres and under one hundred is in Sonoma, which has 318. Then follows Santa Clara with 167; Yolo, 150; Los Angeles, 140; Sacramento, 127; Monterey, 120; Santa Barbara, 104; Mendocino, 101, and all the rest 100.

Of farms of twenty and under fifty acres, Los Angeles has 251; Sonoma, 212; El Dorado, 167; Sacramento and Tulare, 160 each; Yolo, 132; Calaveras, 109; Alameda, 131; Lake, 100.

THE GREAT EDITOR GONE.—J. G. Bennett, founder, editor and proprietor of the New York *Herald*, who was perhaps the ablest newspaper manager in the United States, died June 1st, aged 72. Bennett was a Scotchman by birth. His parents tried to make a Catholic priest of him, but the right kind of stuff was not in him. At the age of 19 he made his way to the New World. When he reached America he took to newspaper reporting, and ultimately built up his great *Herald*, having started it in 1835, six years before Greeley started his *Tribune*. Bennett has but one son, now about 30 years old, whom he has liberally educated, and who has had charge of the *Herald* for several years under the advice and direction of his father—and the son is said to be a better newspaper man than ever the father was. James Gordon Bennett's estate is valued at $10,000,000. He wills the *Herald* to his son, with directions that it shall never be sold, but kept in the family. The San Francisco *Chronicle* says "Mr. Bennett was never a great man except in so far as he made himself felt through his paper. He was not, like the other great journalist, Mr. Greeley, a statesman and politician, but was simply a news-gatherer and an enterprising business man. These qualities made a great newspaper, but they never made a great man. His cold, hard nature and unsocial habits kept him out of the world and away from the world's people."

CAPTAIN KIDD'S TREASURE FOUND AT LAST.—While two men, laborers on the Dick Thomson farm (owned by one Garrettown), near Cold Springs, Cape May county, New Jersey, were digging ditches they laid bare a wooden chest, bound by iron, containing $30,000. The coin is so old that it is scarcely possible to tell the exact value of the pieces, but the larger part is gold, the coins being about the size of twenty-dollar gold pieces. Captain Kidd's name was found imprinted on the chest. There has been a periodical excitement in the place for the last forty years, and this report has caused a sensation that has affected the country for miles around. An oysterman, Jeremiah Van Pelt, also claims to have found traces of Captain Kidd or somebody else near Elizabethport. While dredging for oysters off the shore he raked up three silver pieces, the inscriptions upon which are scarcely legible. Money has been found at the same spot before, and about forty years ago hundreds of treasure-seekers dug up the land before the sea had encroached upon it.

ANNEXATION OF TUTUILA.—Tutuila is one of the Navigators' Islands, in the South Pacific, 14 degrees south latitude. It is on the route from San Francisco to Australia and New Zealand. It is said to be a beautiful and productive island, with an excellent harbor for a way station, and is altogether well calculated for a Naval depot. The whole group of Navigators' Islands are exceedingly productive, and if in the possession of an enterprising population would be capable of great development. The sea island cotton, coffee, sugar, and other semi-tropical products, may be cultivated to great advantage. The climate though warm is healthy. We are informed from Washington that our Government is in negotiation with the chief of this island of Tutuila for a Naval station. This means, of course, annexation to the United States, and sovereignty over the island and perhaps eventually over the whole group.

DENIED.—Judge Dwinelle has denied a change of *venue* in the case of Mrs. Fair. Her next trial therefore will come off in San Francisco, and an order to issue a *venire* for 200 jurors has already been made by His Honor. The 24th of this month is set as the time for the trial.

The Southern Democracy.

What a Missourian said of his delegation at Cincinnati, says the Washington *Patriot*, may be said of the Southern Democracy: "You may trade them off, but you cannot deliver them." General Imboden has been promising them to Greeley, Colonel Mosby has been bargaining for them with Grant, and there seems to be a general impression, in certain quarters, that these people, because their necessities are great and their sufferings have been long, can be driven like turkeys and led like sheep. Those who hold this notion are counting without their host. The Southern Democracy are not to be hoodwinked. They are not to be frightened by a handful of beans in a dried bladder. They are not to be split asunder by any wedge, howsoever well greased and howsoever deftly inserted it may be. When the hour for action arrives, the Democracy of the South will be a unit, and a unit guided and controlled by the decision the National Convention may come to. There will be a great deal of outcry from the Southern country, in all probability, during the next few weeks, and a good many self-elected and pseudo "leaders of the people" may raise their voices to the pitch of familiar tunes. But it will be just as well for those who are chiefly interested to observe that the *real leaders* of the South have not spoken yet; nor will the real leaders of the South speak authoritatively and finally until the action of the National Convention is consummated, and they have license to speak to the point. What the Southern Democracy is doing is to look about with care and judgment, to call over the roll of its best, noblest, most capable, and most conservative citizens, in order to make choice from them of fitting delegates to send to Baltimore. Its whole heart is beating in quick sympathy with the National Democracy, confident that the wisdom, patriotism, and unselfishness of those who are soon to meet at Baltimore will most surely provide *the* way—if any way *can* be provided—by which they may escape from their present environments.

PENNSYLVANIA OCTOBER ELECTION. It appears to be conceded very generally by all shades of political opinion that the Democrats of Penusylvania have put forward for the October election the strongest ticket they could possibly obtain; and that the Republicans, by yielding everything to the Cameron-Scott-railway clique, have managed to present very weak candidates, from Governor down. Even the *Press*, which is working earnestly for the election of Grant, warns the party that the Republican State ticket must be changed if the party would avoid defeat in October. The New York *Tribune* takes the same view of it; possibly from selfish motives in favor of Greeley. But the *Evening Post*, which bitterly opposes Greeley, concurs in the general view of the Pennsylvania State tickets; and it declares that the Democratic State nominees, as a whole, are the "strongest and best any party has presented in that State for many years." When eminent men and leading journals, opposed to each other upon the presidential question, all concur in opinion as to the strength of the Democratic and the weakness of the Republican local ticket, there is reason to believe they are right in judgment, and that Pennsylvania will probably elect Buckalew by a considerable majority. And this suggests the query: "Can Grant overcome such a majority in the short space of three weeks intervening between the second Tuesday in October and the first Tuesday in November?" We don't believe it; and therefore we think Forney's proposition to set aside the obnoxious Republican ticket in favor of a more popular one is well put. Grant can't afford to lose Pennsylvania, as long as there are such strong doubts of his ability to carry either New York, Missouri or Illinois.—*Sac. Union.*

BOGUS WORKINGMEN'S CONVENTION.—The Grant organs are crowing over the endorsement of His Imperial Highness by a so-called "Workingmen's Convention," recently held in New York, under the auspices of one Colonel Gibbons. It is known, by those who are familiar with the circumstances attending the calling of that caucus, that the result was foreshadowed from the outset. It was simply a Grant dodge. It was called and engineered by a half-dozen soreheads, who are holding appointments under the present Administration, or who, Judas like, are willing to betray the workingmen for thirty pieces of silver. In the endorsement of Grant these tricksters only carried out the prearranged programme, and performed their part of the bargain made before the "Convention" was called. The whole scheme was concocted for the express purpose of obtaining what might be called the workingmen's endorsement of Grant. This man Gibbons, it will be remembered, is the same individual who, some weeks ago, wrote a letter, which was read at the Grant meeting in New York, promising the support of 20,000 workingmen to Grant. This pretended "Workingmen's Convention" was a fraud from its inception to its termination, and very appropriately endorsed the greatest fraud ever placed in authority over the people of the United States.—*S. F. Enterprise, June 1st.*

GOV. PIERREPONT.—A Philadelphia telegram, 5th inst., says: "There was considerable surprise among the delegates to-night at the withdrawal of Gov. Pierrepont from the West Virginia delegation. The Governor in a brief speech to his delegation this morning announcing his intention, said he hoped when he came to the convention that there might be still an opportunity to save the party by the nomination of an acceptable Presidential candidate who would obey the laws and respect the popular will; but it was evident the convention was simply a meeting to obey the exacting demands of an arrogant power. He announced his intention of supporting and working for Greeley."

MARE ISLAND APPROPRIATIONS.—The Vallejo Chronicle says the appropriations for Mare Island were made for the following purposes: For repairs of all kinds, $75,000; for repairs of floating docks, $100,000; for permanent improvements, namely, for commencing dry-dock, $200,000; continuing quay-wall and wharves, $30,000; continuation of rail-tracks, $5,000; in all, $410,000.

The Yolo Democrat.

COUNTY AND TOWN OFFICIAL PAPER.

WOODLAND, CAL.:

Saturday, June 15th, 1872.

Democratic State Convention.

At a meeting of the Democratic State Central Committee, held in San Francisco May 23d, 1872, the following resolutions were adopted:

A Convention of the Democracy of California is hereby called to meet at the city of San Francisco, on WEDNESDAY, JUNE 19, 1872, at 12 o'clock M., for the following purposes:

First—To select Twelve (12) Delegates to represent California in the Democratic National Convention, to meet in the City of Baltimore on the 9th day of July, 1872.

Second—To select six (6) Electors and Six (6) Alternate Electors for President and Vice-President of the United States.

Third—To select a Democratic State Central Committee.

Fourth—It is ordered that the Delegates to the State Convention be appointed as the various County Committees may determine, but in case of election of Delegates by the people, such election shall be held under the provisions of an Act governing Primary Elections.

It is ordered that at all Primary Elections, voters who are in favor of abiding by the decision of the Democratic National Convention be entitled to vote.

It is recommended that the delegates to the State Convention organize themselves into District Conventions, for the purpose of nominating a candidate for Congress in each of the respective Districts.

The Counties of the State are entitled to the number of Delegates, as follows:

Counties.	Delegates.	Counties.	Delegates.
Alameda	9	Placer	3
Alpine	2	Plumas	4
Amador	6	Sacramento	14
Butte	4	San Bernardino	4

J. W. MANDEVILLE, President D. S. C. C.

JOSEPH ROBERTS, JR., Secretary.
JOSEPH R. BEARD, Assistant Secretary.

Democratic Primaries and County Convention.

At a meeting of the Democratic Central Committee, held in Woodland, May 28th, 1872, it was ordered that Primary Elections be held at the usual places of voting in the several precincts of the county, on SATURDAY, June 8th, 1872, at 1 o'clock P.M., to elect Delegates to the County Convention, to be held in the Court House in the town of Woodland, on SATURDAY, June 15th, 1872, to appoint Delegates to the Democratic State and Congressional Conventions; and to transact such further business as may properly come before the Convention.

It is ordered that at all Primary Elections, voters who are in favor of abiding by the decision of the Democratic National Convention be entitled to vote.

Each precinct will be entitled to the following number of delegates:

Precincts.	Delegates.	Precincts.	Delegates.
North Putah	6	Fairview	1
South Putah	3	Buckeye	5
Woodland	13	Fremont	1
Cacheville	3	East Cottonwood	4
East Grafton	6	West Cottonwood	3
West Grafton	3	Washington	5
North Grafton	3	Merritt	1

H. GWINN, Chairman.
J. A. DOUGLASS, Secretary.

BALL AT COTTONWOOD.—A Fourth of July Ball is announced to take place at Cottonwood.

READ OUT.—Wm. Lloyd Garrison has published a letter in which he reads Sumner out of the Republican party.

REPUDIATED.—Voorhees has been repudiated by the Democracy of Indiana, who refused to send him as a delegate to Baltimore.

FAVORING GREELEY.—The San Francisco Democracy has passed resolutions in favor of the endorsement of Greeley. So has the Democracy of Solano.

HENDRICKS FOR GOVERNOR.—The Democratic State Convention of Indiana, on the 19th instant, nominated Hon. T. A. Hendricks for Governor by acclamation.

EQUALIZATION.—In July the State Board of Equalization will visit the various counties of the State and inspect the proceedings of the local Boards of Equalization.

A FAILURE.—The *Union's* San Francisco telegram on Thursday evening says: "The torchlight procession under the auspices of the Young Men's Republican Club did not meet expectations."

PENNSYLVANIA.—The Pennsylvania Democratic State Convention elected twelve delegates to the Baltimore Convention, all of whom are in favor of indorsing the Cincinnati platform and nominees.

WHEAT MARKET.—The latest Liverpool quotation is 12s. 9d. @13s. for California wheat. The range in San Francisco is $1.80@$2. In Woodland the price is $1.75@$1.80 for old, and $1.60 for new, per 100 lbs.

COMPARATIVE INDEBTEDNESS.—The total indebtedness of Sonoma County is $329,872.84. That of Yolo County, according to the report of the Auditor and Treasurer for the quarter ending May 31st, 1872, is $96,690 15.

RESUMED.—Henry George, one of the very best newspaper men on this coast, has resumed editorial control of the San Francisco *Evening Post*, price one cent. Glad of it, and hope to receive the *Post* regularly in future.

BAD POLICY.—A tabular statement prepared at the Bureau of Statistics in Washington, shows that during the year 1871, the total exports reached $583,000,000, while the total of imports was $530,000,000, leaving the balance against us $52,000,000.

"TABLE OF THE BEES."—We have received a comical pamphlet with the above title, from Quid Quimby, of Kalamazoo, Michigan, which is issued as a campaign document. Orders may be sent to Q. Q., care of E. Morgan's Printing Office, 171 Race st., Cincinnati, Ohio.

FOR GREELEY.—The indications are now clear that over two-thirds of the delegates to the Baltimore Convention are in favor of the endorsement of the Cincinnati nominees and platform. Delaware, the smallest State, except Rhode Island, is the only one wherein the Democracy have instructed a united delegation to go for straight-out Democratic nominees.

STATE RIGHTS.—One of the main planks of the Democratic platforms has always been State Rights, or the right of local government without interference by the General Government. This plank is embodied in the Cincinnati platform. With this principle carried out there could be no conflict between States or with the General Government. Verily, Cincinnati is far ahead of Philadelphia.

A USEFUL WORK.—We have received from Geo. P. Rowell & Co., 41 Park Row, New York, the "American Newspaper Directory for 1872." It is a large work, ably and comprehensively gotten up, and should be in the hands of every man interested in general advertising or newspaper business in any way. We have always found Messrs. Rowell & Co. strictly reliable. They are our principal agents in New York.

How Reform Has Worked in the South.

We commend the following article from the Memphis *Appeal* to every one of our readers, be he Democrat, Republican or what not, and ask him to tell us which is the better of the two systems spoken of—the best for the people, who are vitally interested? The result of the defeat of Radicalism, in every instance, all through the South, has been peace, enfranchisement, good constitutional government and prosperity among the people, instead of carpet-bag, bayonet rule, dissension and misery. And the change was brought about by divisions in the Republican party, which had become so despotic in its management that to the honest, intelligent members of the party it was longer unbearable. Read:

"In June, 1869, Stokes and Senter announced themselves as Candidates for Governor in Tennessee. Both supported Grant, and were regarded as bitter Republicans. But Senter raised the banner of peace, restoration and enfranchisement. Every Democrat in the State rallied to his support; voted for him cordially, proudly, and with heartfelt gratitude. If a Democrat in Tennessee had proposed to hold a Democratic State Convention for the purpose of nominating a Democratic candidate for Governor, he would have been hissed into silence by his party friends, who would at once have said, 'We can not elect a Democrat, but we can secure peace and enfranchisement through Senter's election.' This same policy in Virginia and Missouri succeeded in abolishing disfranchisement, restoring a fraternal feeling, reviving popular interest in public affairs, securing fair representation in Congress, inaugurating amnesty, and substituting the peaceful operation of the written laws for the harsh methods of military domination. These, it is true, were not Democratic partisan victories, but they were Radical partisan defeats. They were not accomplished by the Democratic organization, but they were triumphs for Democratic principles. The result in these States fully vindicated both Democrats and Liberal Republicans, for the era of good feeling has been established. No States are now more tranquil—none more prosperous. The same policy that made these movements successful in Tennessee, Virginia and Missouri, will make a National contest, governed by the same policy, successful."

DELEGATES TO THE STATE CONVENTION.—The County Convention to-day will select seven delegates to the Democratic State Convention, which meets in San Francisco on Wednesday, June 19th, to choose delegates to the Baltimore Convention, to take place July 9th. Of course there is, beforehand, some division of opinion as to sending pledged or unpledged delegates to San Francisco. We trust that whoever they may be, the delegates will not be pledged. None but good Democrats will be sent there; that we will guarantee beforehand; and we fail to see what is to be gained by tying their hands. In a multitude of counsel there is wisdom; and if leaving the delegates unpledged effects no other good, it will not distract our party here at home by driving off any who may not like the idea of pledging anyone before the meeting of the National Convention. There are very few Democrats, if any, who will not give in their adhesion to the action taken there, whatever course is pursued. For these, and other reasons which might be given, we trust the delegates to the State Convention will be elected to use their own judgment with reference to delegates to the National Convention.

REQUIRES IMMEDIATE ATTENTION.—It is absolutely astonishing to know that by the indifference (for it cannot be attributed to ignorance) of the Railroad Company, almost the entire wheat crop of this region is in danger of being consumed by the fire-fiend. In many places for long distances the grass, weeds, etc., stands head high immediately alongside the track. A coal dropped from the engine, a puff of wind, and thousands of acres of as fine wheat as ever grew might be destroyed. Let fire once start in the dry grain and man would be as powerless to check it as he would the fire upon an Illinois prairie. The Company should at least have all the grass cut on and near the track without delay. The risk is too great; so that prompt action is imperatively demanded. The company itself, in case of serious fire, would lose in freight a hundred times the cost of this necessary precaution.

NEW YORK RATIFICATION MEETING.—The New York *Herald*, which favors Grant for President, in its issue of June 4th, commenting on the Greeley mass meeting at the Cooper Institute the night before, said, as reported by telegraph:

"Call it what you please—a curious assembly of floating material engineered by political scrubheads and disappointed office seekers—it was, nevertheless, the largest, most imposing and enthusiastic political ratification meeting held in this city since the ratification of Seymour and Blair in 1868." The *Herald* considers that the probabilities at Baltimore are in favor of a regular Democratic candidate, but in concluding its editorial, says, "We have the strong testimony of the Cooper Institute opposition meeting of last night that the ticket with Greeley and Brown at the head, in the present desperate crisis in its fortunes, is the ticket for the Democratic party."

SUPPORT THE NOMINEES.—We are, as Democrats, in favor of the nomination of Democratic candidates at Baltimore, if it shall be deemed advisable by the assembled wisdom of the representatives of the party from all parts of the country—and all parts of it will surely be represented. But if it shall be deemed best not to nominate and the Convention endorses the nomination of Greeley and Brown, then we shall consider it our duty to give those gentlemen our support. And now the indications are very strong that the latter course will be taken. Indeed, many Democrats consider it a foregone conclusion. We shall not so conclude until the matter is determined. But we expect to support the candidates of that Convention for President and Vice President, whoever they may be.

HENRY S. FOOTE.—The former great political leader, Henry S. Foote, of Mississippi, has again come to the surface in the politics of his State. He addresses the following card to the people of Mississippi:

"Having been magnanimously relieved from civil disabilities about three days since by a wise and parental Government, and feeling desirous of making a proper display of gratitude therefor, I announce myself as a candidate for a seat in the House of Representatives of the United States Congress for the State at large, declining to submit my claims as a candidate to the caucus of any political party on either side. I shall support Greeley and Brown, and stand firmly and inflexibly by the principles embodied in the Cincinnati platform, and in Greeley's noble letter of acceptance."

TO LITIGANTS.—Parties who have legal advertising to be performed must remember that the Litigant Law is still binding, notwithstanding the repealing act of the Legislature. Two District Judges have so decided, and others doubtless will when occasion arrives. We stand ready to fulfill our part of the contract as heretofore, for the whole time for which the DEMOCRAT was selected as the medium for that kind of printing in this county, and our bonds are still good for five thousand dollars damages in case of improper performance. Parties in litigation, lawyers and others, are cautioned against making their publications in any other paper than the DEMOCRAT, for Yolo County.

COL. RACKERBY.—This gentleman has paid Yolo a visit during the past week, stopping at Knight's Landing and Woodland, and at each place was called out by a serenade and made a short speech. From here he went to San Francisco.

CROP PROSPECTS.—The Sacramento *Bee* has the following statements about the crop prospects of the San Joaquin Valley:

"On the east side of the river, south of Lathrop, is a body of land averaging 20 miles broad and 50 miles long, all in grain, now promising a yield of 50 per cent. better than it did twenty days ago. A low estimate for this 1,000 square miles or 640,000 acres, is 15 bushels per acre, equal to 9,600,000 bushels, or 280,000 tons. On the west side of the river, south of Bantas, there are 500 square miles in grain of surprising growth, estimated by most of the farmers to average 30 bushels per acre; but if we place the average down to 25 bushels, we have 320,000 acres, or 8,000,000 of bushels; equal to 240,000 tons. Aggregating on the two sides of the river, above Lathrop and Bantas, and this side of Tulare lake, 1,500 square miles, equal to 960,000 acres, or 17,600,000 bushels, aggregating 1,056,000,000 lbs—528,000 tons. Now suppose there was a railroad on the west side of the river—as there is not—and as there is on the East, this grain would load 52,800 cars at 10 tons per car, and would take four trains a day of twenty cars per train, 660 days to carry it to tide water. And then to ship all this grain to foreign markets, where every pound of it will bear a good price this year, it would take four vessels a day of 1,000 tons each, 162 days to move it from our wharves."

The above makes a very large showing; but suppose we add the wheat product of the Sacramento Valley to that of the San Joaquin Valley, the amount will be, at the very least, doubled; making a total of 1,056,000 tons. Even at $1.50 per 100 pounds (a low estimate, probably), the wheat crop of these two great valleys will bring to the farmers the immense sum of $31,680,000. What wonder that business is already improving.

NOT WELL POSTED.—The Vallejo *Chronicle* says the *California Press*, of Sacramento, is the only paper in the State that hoists the names of Greeley and Brown. This is a mistake. The Oakland *Daily Transcript* has had the names of Greeley and Brown at its head for several weeks past; and, if we are not mistaken, we have observed that several other papers in the State have done the same.

SEALED PROPOSALS.

SEALED PROPOSALS will be received by the Committee of Arrangements on Fourth of July Celebration, for bids, for the use of grounds with the privilege of using them for refreshment stands. Refreshments of every kind, except spiritous liquors, will be allowed to be sold. Bids will be opened on the 20th instant, and they reserve the right to reject all bids, if in their judgment they are not sufficient. All persons making bids will address, through the Postoffice,

A. C. RUGGLES,
Je15-1t Sec'y Committee of Arrangements.

Justice's Summons.

STATE OF CALIFORNIA, County of Yolo, Putah Township, ss: In Justice's Court, before JAMES ONEAL, Justice of the Peace in and for Yolo County aforesaid.

The People of the State of California to CHARLES ZINN, Greeting:—You are hereby summoned to appear before the undersigned, a Justice of the Peace in and for the Township of Putah and County of Yolo, within ten days from service of this Summons, to answer unto the complaint of E. J. BROWN, Jr., now on file in this office, who sues to recover from you the sum of ten dollars and fifty cents gold coin, the same being the balance of back account alleged to be due from you to plaintiff for money loaned and merchandise delivered to you by said plaintiff, as fully set forth in a complaint on file in my office. And if you fail to appear and answer, the plaintiff then and there will take judgment against you for the aforesaid amount, together with costs and damages.

Given under my hand in Davisville, this eighth day of June, A. D. 1872.

JAMES ONEAL,
Je15-2w Justice of the Peace.

Notice to Contractors.

SEALED PROPOSALS will be received by the Board of Trustees of the Town of Woodland, until 8 o'clock P.M. MONDAY EVENING, June 24th, 1872, for grading that portion of Main street lying between Elliott's East line and the West line of the Catholic Church; the grading to be done by the cubic yard, according to plans and specifications on file with the Town Clerk; the job to be completed within sixty days after acceptance of bid. A good and sufficient bond in double the amount of bid must accompany each proposal. The Board reserves the right to reject any and all bids, if in their judgment they are too high.

"THE HEAD OF THE FAMILY."

NICHOLS, SHEPARD & CO'S

Grain-Saving, Time-Saving, Money-Making

"VIBRATOR" THRESHERS,

And their elegant convertible

"Mounted" Horse Powers.

Office and Factory, at Battle Creek, Michigan.

Recognized, in the trade and in the field, as the "leading thresher" of the period. FULLY ESTABLISHED through many years of successful use. ENDORSED by more than sixty thousand farmers and grain raisers who have employed and used them. IN USE in eighteen States and four Territories, with largely increasing demand and growing popularity. UNIVERSALLY COMMENDED as embodying the only true principle, and pronounced the "coming machine." PRE-EMINENT for saving grain, saving time, fast work, perfection of cleaning, adaptation to varying conditions of grain, convenience, ease of draft, and ease of management. PECULIARLY ADAPTED to handle flax, Timothy, Alsatia and other seeds, so difficult with others. IN DEMAND by grain raisers, at remunerative prices, while neighboring machines are idle. ATTRACTIVE in simplicity of parts, having only four belts and one set of gears. SPECIALLY NOTICEABLE for making no "litter," and requiring no "cleaning up" process after it. ASCERTAINED BY FARMERS to save them the cost of their threshing bills, by the increased saving of grain alone, over and above the best of others. OBTAINING the "pick" of jobs and extra prices for its work. UNRIVALLED in durability, handiness, ease of management, ease of draft, elegant finish, substantial construction.

The Elegant "Mounted" Power,

Mounted on four wheels, where it remains when in operation. ATTRACTIVE FEATURES: securely fastened with two stakes: levers, tumbling rods, etc., carried with it: the "angling" line shaft, by which all short kinks are avoided in "coupling up;" all boxes, journals, shaft and gears independent of the wood frame; gears "clutch" on; only one key used; convertible to different speeds, at trifling cost, to match other machines; of the lightest draft, very durable, easily and cheaply repaired; sold separately, if desired, and provided to match other separators or machinery.

ALL PERSONS who think of buying a new Thresher and want the "leading machine," and all farmers who raise grain and want it threshed, saved and cleaned to the best advantage, are cordially invited to send me their address, and receive (FREE) our Illustrated Catalogue Circular, containing a full description of these superior machines, with other valuable information.

District Court Summons.

IN THE DISTRICT COURT of the Sixth Judicial District of the State of California, in and for the County of Yolo. T. W. HARPER, Plaintiff, against JAMES ASHER, et als., defendants. Action brought in the District Court of the Sixth Judicial District of the State of California, in and for the County of Yolo, and the Complaint filed in said county of Yolo, in the office of the Clerk of said District Court.

The People of the State of California send Greeting to JAMES ASHER and MARGARET ASHER, Defendants:

You are hereby required to appear in an action brought against you by the above-named Plaintiff in the District Court of the 6th Judicial District of the State of California in and for the county of Yolo, and to answer the complaint filed therein, within ten days (exclusive of the day of service) after the service on you of this summons—if served within this county; or, if served out of this county, but in this district, within twenty days; otherwise default will be taken against you, according to the prayer of said Complaint.

The said action is brought to obtain a decree of this Court for the foreclosure of a certain Mortgage described in the said Complaint, and executed by the said James Asher and Margaret Asher on the 26th day of November, A.D. 1868, to secure the repayment of a certain Promissory Note bearing date of November 20th, 1868, for the sum of two hundred dollars ($200) with interest at the rate of one and one-half (1½) per cent. per month until paid; that the premises conveyed by such Mortgage may be sold, and the proceeds applied to the payment of said Promissory Note, and in case such proceeds are not sufficient to pay the same, then to obtain a decree against said James Asher and Margaret Asher for the balance remaining due, and also that the said Defendants, and all persons claiming by, through or under them, be barred and foreclosed of all

Town and County Matters.

YOLO COUNTY PRIMARIES.—We have been furnished by the Secretary with the proceedings of the Cache Creek Primary meeting, held at Woodland, June 8th, which are here appended:

WOODLAND DEMOCRATIC PRIMARY.

Pursuant to call of the Democratic County Committee, a meeting of Democratic voters assembled on Saturday, June 8th, at the hour and place appointed. The meeting was called to order by Mr. J. A. Douglas, and organized by electing Judge James Johnson, Chairman, and F. E. Baker, Esq., Secretary.

On motion of J. C. Ball, it was ordered that six of the thirteen delegates to the County Convention be taken from different parts of the county, and the rest from the Town of Woodland.

On motion of Jas. A. Douglas, a committee of five was appointed by the chair to select thirteen names to present to the meeting. Jas. A. Douglas, John D. Lawson, N. Grayson, J. M. Kelly and W. A. Henry were appointed as such committee.

After consultation, the committee reported the following names: Joseph H. Harlan, Jason Watkins, H. S. Deaner, N. Grayson, Jas. A. Douglas, W. B. Gibson, H. Stegall, H. Aronson, Wm. Minis, Ed. Bynum, Wm. Saunders. Jesse Clark and John Lambert, who being confirmed by vote, were declared the choice of the Democracy of Cache Creek Precinct, as delegates to the County Convention, to be held in the Court House, in Woodland, on Saturday, June 15th, at 1 o'clock P.M.

On motion, the meeting adjourned.

JAMES JOHNSON, Chairman.
F. E. BAKER, Secretary.

We have obtained the names of delegates from other precincts, as follows:

Washington.—Wm. M. Green, J. I. Underhill, John W. Huey, Jas. S. Stevenson, R. W. Megowan.

East Grafton.—H. M. Hoyt, W. Adams, Sen.; Jacob Hoffman, Michael Shannon, Noble Clark, John A. Leathers.

North Putah.—Wm. Dresbach, E. J. Haight, Fred. Crawford, W. W. Brown, Jas. O'Neal, George H. Swingle.

A BIT OF ROMANCE.—In the Linneus (Mo.) *Bulletin*, of June 1st, we find an account of the marriage, by Rev. B. F. Johnson, of Mr. J. G. Ford, of Woodland, California, and Miss Anna L. Ficklin, of Linneus. The *Bulletin* states that "the happy couple started immediately for the golden fields of California, accompanied by the bridegroom's brother, Mr. J. G. Ford, and the bride's sister, Mrs. Bettie Woodward, who intended to stop at Chillicothe." But this does not end the story. The latter lady did not stop at Chillicothe, for, previous to the journey, an acquaintanceship had been formed which, while traveling, ripened into a strong attachment, and the whole party continued on their way westward. Arriving at St. Joseph, J. G. Ford and Mrs. Woodward were united in the holy bonds of matrimony, an account of which is given in the *Herald* of May 28th. That paper advises all interested to "keep your eye on California boys after this, for they mean business." The two happy couples then started for the Golden State in the happiest possible mood, arriving at Sacramento in due time. W. J. and wife are now residing near Woodland, and L. G. and his wife in Colusa. Joy has attended them all along, and judging from their beaming countenances, they don't seem to have got over it yet. May they never lose the honeymoon.

THE TENT MEETINGS.—The lectures at the tent continue to attract and interest our people every evening. As the speakers progress in their course they meet with opposition, particularly from other ministers of the same Gospel they all profess to believe and teach; but so far none have gainsayed the positions taken or responded to the invitations given to meet them in open, public discussion of the questions involved. A correspondent whose communication appears in another column, calls upon the local ministry here to reply to Elders Cornell and Loughborough, before the same audiences, if they are misleading the minds of the people by preaching errors. And if, as our correspondent says, ministers have stated that it can be clearly shown from the Bible that the tent men are wrong in their positions and doctrines, it seems to us to be due the public that the other side of the question should be given. It would be a matter of interest to all concerned—and as an outsider, in the words of all preachers, we would ask, "Are not *all* concerned?"

MAN MISSING.—On the first day of June, George Crocker, a butcher in the employ of Asberry, Lambert & Co., having the night before attended a ball at Cottonwood, left that place on horseback, taking a gun with him, and has not since been heard of. The horse returned the following day, minus saddle and bridle, and it is thought by some that Crocker has committed suicide, which he had intimated was his intention. Others think that was intended as a blind, and that he has left for parts unknown. He was considered an honest, upright young man, but just previous to his departure had been drinking rather freely, and seemed to be suffering under remorse of conscience. A pretty thorough search has been made for him, but up to last accounts no clue had been obtained of his whereabouts.

BLOOMING CACTUS.—Mrs. J. C. Smith has now in bloom a cactus with five most delicate and beautiful blossoms of a light lavender color. It may be seen in the window of Mr. Howell's jewelry shop. Mr. Sill has a large variety of this peculiar plant with different colored flowers, but not having seem them, we cannot give a description.

PENNSYLVANIA.—An article on our first page from Monday's *Union* seems to concede the October election to the Democrats, and thinks that Grant will not, in the three weeks intervening before the Presidential election, be able to overcome it.

A Reply Solicited.

WOODLAND, JUNE 14th, 1872.

EDITOR DEMOCRAT:—The tent meetings in this place have awakened a very great interest in the minds of the people, and from what I hear daily I think very many of our fellow citizens are convinced that the speakers in the tent are teaching the truth, especially on the subject of the Sabbath. Yet on attending our regular Thursday evening prayer meeting I learned that a few of our Methodist and Christian brethren, including the ministers of both those churches, claim that the doctrines advocated in the tent are "gross errors," and the ministers stated in my hearing that they could very easily and plainly show this by the Bible. Now if they can do this, I, in behalf of many citizens, request them to do it before the same audience that heard the "errors" in the tent; for if it is error, the sooner it is exposed the better.

If the men in the tent are right on the Sabbath question, then we who keep Sunday are wrong. For one I am very anxious to learn just the truth in this matter.

Elders Cornell and Loughborough appear like candid men. They have repeatedly and publicly offered to give the use of their tent to any minister who thought he could point out errors in the things they teach, and I think our ministers ought to accept their offer and show the other side of the Sabbath question in the tent; for if Sunday be the Sabbath of the Bible, then let them come to the rescue.

ONE OF MANY WHO WISH TO HEAR BOTH SIDES.

A GOOD OPPORTUNITY.—If the people of Sacramento, Woodland and along the line could only be made to see it, there is a chance for a good investment in a railroad enterprise by constructing a narrow gauge railroad from Clear Lake through Cache Creek Canyon and Woodland to Sacramento. The route is direct; there is less tule country than via Davisville, so that the road could easily be kept open; the country for fifteen miles west needs a railroad, as also the people settled all through the Canyon and beyond; there would be a considerable freight and passenger traffic—many advantages can be made to appear in favor of such a line. Sacramento and Woodland would be directly benefitted by such a road, and could well afford to assist in its construction. We are not posted as to the cost of construction, but that such a road on the route indicated would pay, we have every reason to believe. It seems to us this is a matter worthy of investigation, and we would like to hear of some one looking into it.

FOURTH OF JULY.—The Committee of Arrangements are going ahead with the preparations for the celebration of our national anniversary on a scale that will eclipse all previous celebrations in this county. They have not yet succeeded in procuring an orator, but are now corresponding for that purpose, and as soon as that is decided, posters containing the programme of the celebration will be distributed to all parts of the county, and beyond. The Tournament Grove, half-a-mile out of town, has been selected. In addition to the procession, reading the Declaration, poem, toasts, etc., the Knights of Woodland and Yolo will participate, a grand barbecue free dinner will be prepared, etc., etc. Everybody within reach should make up their minds to come to Woodland on the Fourth. The committees all meet again this evening.

CHANGE OF PASTORS.—Rev. Father Spelman, pastor of the Catholic Church in this place for the last year and a-half, has been called to Stockton, in which place he is now located. We learned from Mr. Spelman, just upon his departure, that he had not sufficient time to call upon the members of his congregation before leaving town, but hopes to be able to come over again in the course of a few weeks. Father Spelman has been a devoted worker during his residence here, and takes away with him the love and respect of his congregation, and the best wishes of many warm friends outside of his own church. Rev. Father Gallagher, of Stockton, has assumed charge of the church and congregation here.

OPENING DAY.—A. Nickelsburg and Bro. open their store for inspection and sales on Monday, June 17th, and the public are invited to call and examine the store and goods. It is the most expensively and tastily fitted up dry goods store in town, the counters and shelving being ornamented with solid black walnut edges and mountings on a white ground. The store is handsome, and the goods, so far as opened yesterday, look well and seem to be adapted to the wants of this community. The proprietors claim to be able to sell as low as the lowest, and having one partner resident in San Francisco, can take advantage of every favorable turn in the market. Call and see them.

ANOTHER TRAIN.—It is said that next week another train of cars will be put on the Cal. P. R. R. between Vallejo and Knight's Landing—a frieght train—and if so, the passenger train will be able to make much better time than heretofore, as it has been doing both passenger and freighting business. In a few days from this no one extra train will be able to carry off the immense amount of grain that will be ready for shipment; so it is likely there is some truth in the above rumor.

DESTRUCTIVE FIRE.—We learn that on Tuesday night last the residence, dairy and other farm buildings of our esteemed friend and fellow-citizen, Jackson Wilcoxson, located at Fremont, on the Sacramento river, were destroyed by fire. Mr. Wilcoxson was absent at his brother Jefferson Wilcoxson's, in Sacramento, attending the wedding of his niece. We have not learned the amount of loss estimated, but hear that it is partially covered by insurance.

H. W. FISKE, Teacher.

G. C. G.—George C. Gorham is the member of the Radical National Committee for California. One would suppose the party had suffered enough from the defeat he cost it when running against Haight. But then, he isn't running for Governor now—only laying wires for the United States Senatorship. That's all!

SCARCITY OF HELP.—Two of our farmers being unable to procure help enough to harvest their grain went to Sacramento the other day to get hands, with what success we have not learned. Several hundred men would find employment in this county for two or three months at good wages.

"THE PIONEER."—The last number of this paper, edited by Mrs. Pitts Stevens, came to hand in quarto form, and in an entire new dress, with every appearance of prosperity. Mrs. Stevens says it will be so conducted as to make it a welcome visitor to every refined household.

FOR THE VERY BEST PHOTOGRAPHS, go to Bradley & Rulofson's Gallery, without stairs. ☞ *Ascend to the Elevator*—429 Montgomery St., San Francisco.

KNIGHT'S LANDING.—Our neighboring town of Knight's Landing is justly indignant at a slur cast out by the *Bulletin* in its reference to "Col. Rackerby at Home;" and in a communication to the *Chronicle*, dated June 12th, the insult is thus resented:

"If the *Bulletin* desired to ridicule Colonel Rackerby as a public man and the representative of the Liberal Republican movement at Cincinnati, of course we have nothing to say; but we dislike to have our town belittled over the Colonel's shoulders. * * * A town that polls 250 votes, with a Postoffice, Grafton, ranking No. 3 in the Department, with an inland trade of no insignificant importance, with a railroad connection with your city, with an annual record of shipping seventy-five thousand tons of wheat, raised in the immediate vicinity (excepting last, which was a failure), and which will be increased this year—a town that can and does furnish grain and wool sufficient for export to load seventy-five first-class ships a year, is certainly entitled to a better consideration, if mentioned at all, than that of the *Bulletin*, to-wit: "The important village of Knight's Landing, a burg not yet of sufficient importance to appear in Uncle Sam's list of Postoffices." We regret that the *Bulletin* should be so ignorant of the resources of California, or so eager to belittle a cause, as to have to do as an injustice through partisan motives. We trust that you will lay this before your readers as part reparation for our insignificance, as portrayed by the *Bulletin*, and you will confer a favor on your many subscribers here.

WOMAN'S SUFFRAGE CONVENTION.—The Pacific Slope Woman's Suffrage Convention for 1872 will commence at Mercantile Library Hall, San Francisco, at 10 o'clock A. M., on the 18th of June, remaining in session three days, and longer if necessary. All friends of woman's political enfranchisement in all the States and Territories of the Pacific Slope are invited to attend. Woman Suffrage Societies are requested to send delegates. A circular also informs us that distinguished advocates of the cause have been invited to assist in the deliberations.

IMPORTANT MISSION.—Past Arch I. Hafky, of this place, who was a delegate from Dodons Grove, United Ancient Order of Druids, to the Grand Council of that Order for California, which held its session in San Francisco last week, after being elected to the Grand Grove of the United States, was recommended to that body as a proper person to institute the Order in Germany. He will leave here within two weeks, and expects to be absent, East and in Germany, about a year.

ANOTHER ENTERPRISE REFRESHMENT WAGON.—The people of Woodland will be pleased to learn that S. Kaufman will start a wagon for the purpose of selling ice-cream, soda-water, lemonade and fruit by horse power. He also calls particular attention to his new variety stock. Messrs. Jacobs & Kaufman have the general agency for Bancroft & Co., and have a full list of their splendid books on hand, and will be able to suit all tastes. *

FIRE.—We are informed that on Saturday evening last a fire occurred in the store of Snowball & Martin, at Knight's Landing, caused from the breaking of a rope by which a chandelier was suspended containing three kerosene oil lamps, and igniting the oil. The damage is said to have reached nearly a thousand dollars, covered by insurance. Prompt action saved the building, and we may say almost the entire town.

COUNTY COMMITTEE.—In selecting the new County Committee to-day, it is important that a majority of the members should be so disposed as to locality that they can get together easily without having to traverse nearly the entire breadth of the county. Great inconvenience occurred on this account last year, and we trust the mistake will be avoided this time.

NOTICE.—A general attendance of the members of Shawnee Tribe, No. 40, I. O. R. M., is desired at next stated council, at the Wigwam of the Tribe, on June 19th, 1872, as the nomination of officers for the ensuing term, together with other important business, will come before the council.

WM. SAUNDERS, Sachem.
F. E. BAKER, Chief of Records.

HELP WANTED.—Several hundred more men can find employment in this county at two dollars a day and upwards, with board.

PROPOSALS.—Attention is called to the "Notice to Contractors," asking for proposals for grading Main street.

DIED.

Near Cacheville, June 8th, M. D. Martin, aged 44 years 4 months and 22 days.

The deceased was one of the early pioneers, having come to California in 1849, and has resided in Yolo County nineteen years. He was a single man, but leaves a large circle of relatives and friends to mourn his decease.

SPECIAL NOTICES.

THIN hair thickened, baldness cured, and gray hair made to return to its youthful color by the use of Hall's Vegetable Sicilian Hair Renewer.

SPECIAL NOTICE.—The best and most efficient cure known for Dyspepsia and Indigestion is Dr. Henley's Celebrated I X L Bitters. Try it. Read advertisement in another column. my25-3m

JACKSON MICHIGAN WAGONS

Are known to be the best FARM and TEAM Wagons sold on the Pacific Coast. (Send for Certificates.) *The Jackson Wagon received the First Premium, 1871, at the State Fair, Michigan, over the Studebaker and all others.*

IMPORTANT IMPROVEMENTS have been made in our Wagons now arriving. Our large two-horse and four-horse wagons have HEAVIER TIRE, broader and deeper felloes, and extra iron braces, making them the best and most complete Farm and Team Wagon ever sold on the Pacific Coast. We sell the GEARING only, or fitted up with California racks and brakes, spring seats, etc., or with Eastern double side bodies. Persons ordering will get wagons at the same price as if here, warranted perfect and complete in every respect. BUYING STRICTLY FOR CASH, and in large lots, (twelve car loads on the way,) we are enabled to sell, wholesale and retail, at very low prices.

The Yolo Democrat.

Saturday, June 15th, 1872.

MISCELLANEOUS ITEMS.

BALTIMORE is a favorite place for holding national conventions, having had thirteen; Philadelphia, four; Chicago, three; Harrisburg, Buffalo, Boston, New York, Charleston and Cincinnati, one each.

A BLAST of 2,500 pounds of Hercules powder was exploded in the claim of of Gray Brothers, at Dutch Flat, on Saturday. The entire bank, containing 142,000 cubic yards of well cemented gravel, of an average height of 77 feet, was well shaken, and the whole thrown down. The blast was a perfect triumph.

THE Folsom *Telegraph* of June 1st, says: More gold dust is being taken out in this vicinity this year than during last year. The amount purchased by the various houses in town last year in the aggregate was about $1,000 per day, or $30,000 per month. This year it reaches $1,500 per day, or $45,000 per month.

THE Chico *Review*, in referring to the reported sale of swamp lands in Solano, Yolo, Sutter Colusa and other counties, for $3,000,000, says: "Messrs. Colby and Boggs had 20,000 acres of land in Colusa, in the above sale, which netted them somewhere in the neighborhood of $100,000. A telegram received in Chico on Saturday says the sale has been consummated."

YOUNG people should acquire the habit of correct speaking and writing, and abandon as early as possible any use of slang words or phrases. The longer you put this off the more difficult the acquirement of correct language will be; and if the golden age of youth, the proper season for the acquisition of language, be passed in its abuse, the unfortunate victim will most probably be doomed to talk slang for life.

THERE are reports of a rainstorm of unprecedented violence on the 5th instant throughout Central Illinois, doing immense damage to property of all kinds. Thousands of head of stock of all kinds along the river bottoms were drowned. Many lives are reported lost, railroad tracks, bridges and culverts were washed out, and in the low lands and Illinois river bottom houses and barns floated off with their occupants.

The Petaluma *Crescent* notes that the contract for building the "Christian College of California," at Santa Rosa, has been let to J. E. Johnson of San Francisco. The length of the building will be 103 feet 2 inches; and depth 69 feet 3 inches. From the ground line to the top of the cornice of main building, 50 feet 6 inches; and from thence to the top ball of dome, 32 feet 6 inches. The building is to be ready for occupancy by the first of September.

JAS. GORDON BENNETT died of old age. His lower limbs had been paralyzed for several months, and he was fully impressed with the idea that he could not long survive. His estate is said to amount to ten millions. The *Herald*, with the real estate connected with it, he leaves to his son, and the will provides that he is never to sell it, but that it must remain in the family. His Fifth avenue mansion he left to his wife, and his Washington Heights property to his daughter, Jeannette.

THE negotiation pending between a combination of English capitalists and a number of Californians for the sale of 600,000 acres of land, mostly tule, in this State for $3,000,000, the *Atta* states, has failed, because the legal adviser of the Englishmen has told them that as non-resident aliens they are not secure of their title. They may hereafter, by organizing companies under the corporation law of California, avoid the difficulty, but the original negotiation may be considered as being at an end.

THE Washington correspondent of the *World* says: "One of the great steals of the session has been successfully accomplished to-day. The Pacific Mail Company has bagged $5,000,000 additional subsidy, or half a million a year for ten years. This line will now receive one million subsidy per annum for carrying $25,000 worth of letter postage that goes to the post office, and for carrying 20,000,000 pounds of tea, the freight of which goes into the pockets of the Pacific Mail Company."

SMALL SHOW FOR LEGS.—A Detroit man, who had contributed a bundle of cast off clothing for the relief of the victims of the Minnesota fire, received from one of the sufferers the following note:

"The committy man give me, amongst other things, what he called a pair of pants, and twood make me pant sum to ware 'em. I found your name an where you live on one of the pockits. My wife laffed so when I shod 'em to her that I thot she would have a connipshan fit. She wants to no if there lives and brethes a man who has legs no bigger than that. She sed if there was he otter to be taken up for vagransy fur havin' no visible means ov support. I couldent get 'em on my oldest boy, so I used 'em for gun cases. If you have another pare to spare, my wife wood like to get 'em to hang up by the side of the fire-place to keep the tongs in.

THE NORTH PACIFIC RAILROAD.—This road is now finally surveyed from Saucelito to the Walhalla river—a distance of 115 miles. It skirts the Bay of San Francisco, passing through Corte Madera and Ross Landing, leaving San Rafael to the east, and crosses the mountains of the Coast Range, running through a fertile and beautiful country to the coast timber lands. The iron for the road has already been purchased, and we are informed that, within a few weeks, grading will be commenced on the road. This road is to be of the narrow gauge, and is to cost $2,500,000. It will bring, when completed, a large trade to our city, and open up an entirely new and as yet almost undeveloped part of the State. From Saucelito to San Rafael is a very beautiful country, of delightful climate, is admirably adapted for villa residences, and with a quick ferry is easy of access.—*S. F. Chronicle.*

WET CLOTHES.—Few persons understand fully the reason why wet clothes exert such a chilling influence. It is simply this: Water, when it evaporates, carries off an enormous amount of heat, in what is called the latent form. One pound of water in vapor contains as much heat as nine or ten pounds of liquid water, and all this heat must, of course, be taken from the body. If our clothes are moistened with three pounds of water, that is, if by wetting, they are rendered three pounds heavier, these three pounds will, in drying, carry off as much heat as would raise three gallons of ice-cold water to the boiling point. No wonder that damp clothes chill us.

In the new brick building, opposite the College, Main street, Woodland.

HAVING REMOVED

From the old store into our New and spacious brick block, we are now better than ever prepared to supply families and the public with everything in the way of provisions. We have a large and carefully selected stock of

GROCERIES,

To which we ask the attention of this community, believing that it cannot be surpassed in Yolo county. A full assortment of

VEGETABLES

Will be found with us at all times, and we shall keep fully up to the market in this department of our trade.

FRUITS

Will receive special attention and the choicest qualities be kept on hand, fresh, throughout the season of each variety.

Poultry and Eggs

Will be a leading feature of our establishment, and customers will be supplied with any number or quantity they may desire.

BUTTER AND CHEESE

Are particularly in our line, and purchasers can rely upon getting the best the market affords. But we cannot enumerate all our different kinds of goods in an advertisement.

We shall keep a complete stock of goods on hand and sell at fair prices; therefore we ask a share of patronage from the people of Woodland and vicinity, guaranteeing entire satisfaction to all who favor us with their trade.

A. & T. PORTER,
je1 Opposite College, Main st., Woodland.

Plantation Bitters

S. T.---1860---X.

This wonderful Vegetable Restorative is the sheet anchor of the feeble and debilitated. As a tonic and cordial for the aged and languid, it has no equal among stomachics. As a remedy for the nervous weakness to which women are especially subject, it is superseding every other stimulant. In all climates, tropical, temperate or frigid, it acts as a specific in every species of disorder which undermines the bodily strength and breaks down the animal spirits.

CARRIAGE AND WAGON
MANUFACTORY!
Elliott Brothers, Prop'rs,
CORNER MAIN AND FOURTH STREETS.,
Opposite Gas and Water Works,
WOODLAND, CAL.

LIVERYMEN, FARMERS
AND TEAMSTERS

Will find my make of BUGGIES, SPRING and LUMBER WAGONS, the best in any market for their use.

REASONS WHY:

BECAUSE they have as good if not the best reputation at home. Each Wagon is perfect in all its parts.

BECAUSE my prices are as low as the lowest for first-class work.

BECAUSE I can furnish the highest home testimonials as to their durability and lightness of draft.

BECAUSE none but the best and most experienced mechanics are employed in their construction.

BECAUSE they are built upon scientific principles, combining the greatest strength with lightness of draft.

BECAUSE wherever introduced they are generally preferred by Liverymen, Farmers and Freighters.

BECAUSE they are made in a very DRY CLIMATE, and from that fact are far superior for service to those built in more moist or damp parts of the country.

BECAUSE I give rules for taking care of carriages.

First—The carriage-house should be apart from the stable, as the ammonia arising from horse manure will in a very short time destroy the varnish on a carriage, and then the owner ignorantly charges the carriage maker with using inferior varnish.

Second—In washing a buggy cold water should be used freely, so as to remove the dust and mud before using the sponge and chamois skin.

Third—Never turn the hose under or on the seat, for the water will loosen the canvass and glue, and cause the corners to give way and the body to go to pieces.

Fourth—To preserve the wood and save expense, the carriage should be kept thoroughly painted and varnished.

Fifth—I am better prepared than ever, to Paint, Ornament and Varnish Carriages, Wagons, etc. I have in my employ the best of buggy painters, and use none but the best articles of paints, oils and varnishes; the above in connection with my Paint Shop and Varnish Rooms, which are as good if not the best on this Coast, being hard finished and free from dust. I can, and have turned out as smooth, clean and nice finished jobs as can be done in the State.

Sixth—Those wishing to get their buggies, carriages, etc., repaired and painted, will do well to call at my shop and examine my superior advantages over other shops. I am willing to abide by the injunction, "by their works ye shall know them." I am willing that my work shall praise me; I ask no other endorsement. This endorsement I have had in past years; this I expect to merit and maintain in the future.

BAPTISED IN FIRE.

THE

CHICAGO PHENIX!

A Universal Newspaper.

READ THE FOLLOWING!

A popular weekly paper for the times, embracing the leading features of those journals destroyed by the terrible conflagration, and combining just such a corps of writers as will give the public all the news of the week, in a condensed compilation of the leading journals of the nation and the world.

A Truthful Record.

The PHENIX will be the most truthful and reliable recorder of incidents and facts concerning the great fire, ever published.

Accounts of the Fire.

It will contain only such accounts as are vouched for by reliable witnesses, and will correct the erroneous and fabricated statements of sensational writers.

Chicago and the News.

It will, for a time be devoted especially to the past, present and future of Chicago, besides being the most complete weekly newspaper in the world.

Fireside Companion and Newspaper.

Its columns are devoted to News, Commerce, Science, Literature Art, Drama, Music, Humor, Pastime, Poetry, Fashion, Society news, and enough of Romance to make it a most desirable fireside companion, as well as the most reliable and complete newspaper for the business man in the counting-room.

Beautiful Illustrations.

It will be illustrated with engravings taken from Photographs of the Chicago Ruins, instead of sketches, "By Our Special Artist" who was not "on the spot;" and thus give a series of PERFECT VIEWS, not obtainable elsewhere, and the first number will contain the only correct map of the burned city.

Happy Hours.

That beautiful literary journal, "HAPPY HOURS," whose publisher was the first to issue a paper to meet the public demand, after the awful fire, has been merged into the literary department of the PHENIX, which will embrace the contributions of more than sixty of the most popular writers of the day.

A Special Feature.

The PHENIX will contain, as an especial feature a more complete record of incidents and results of the late terrible fire, than can be found in any book, paper or other publication in the country. So numerous and inaccurate have been the accounts sent forth, that something reliable and readable is eagerly sought at this time, and the PHENIX will fill the bill.

A Paper for the People.

The PHENIX is the cheapest paper in America, being an eight-page, forty-column weekly, at only two dollars a year; in fact it shall be the paper for the people and the times.

The First Number.

The first number will be issued on Saturday, November 11th, and will be the paper wanted by everybody, as a record worth preserving or sending away, and for its accurate illustrations.

Its Basis.

It is a consolidation of other journals, and therefore on a solid foundation, continuing their former circulation.

New Subscribers.

To any person who gets us three new subscribers, we will send the PHENIX for one year free, or one of our beautiful prize, steel plate engravings worth $2,50.

Premiums.

For the purpose of rapidly increasing our subscription list before the close of the present year, we will give to every person who subscribes for the PHENIX during the month of November, a beautiful steel plate engraving, worth $2 50, half a dollar more than the price of subscription. No such opportunity was ever before given, and probably never will be again. Avail yourself of it. Engravings will be promptly and safely sent by mail or delivered at this office, as subscribers may wish.

Subscribe Now.

Send in your names and subscriptions at once, and sustain this great newspaper enterprise. Price of subscription only $2 00 per year. Single copies 5 cents. Agents wanted everywhere

Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic poisons.

℞

No one remedy is louder called for by the necessities of the American people than a sure and safe cure for Fever and Ague. Such we are now enabled to offer, with a perfect certainty that it will eradicate the disease, and with assurance, founded on proof, that no harm can arise from its use in any quantity.

That which protects from or prevents this disorder must be of immense service in the communities where it prevails. *Prevention* is better than cure, for the patient escapes the risk which he must run in violent attacks of this baleful distemper. This "CURE" expels the miasmatic poison of FEVER AND AGUE from the system, and prevents the development of the disease, if taken on the first approach of its premonitory symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of every body, and in bilious districts, where FEVER AND AGUE prevails, everybody should have it, and use it freely, both for cure and protection. It is hoped this price will place it within the reach of all—the poor as well as the rich. A great superiority of this remedy over any other ever discovered for the speedy and certain cure of Intermittents is, that it contains no Quinine or mineral; consequently it produces no quinism or other injurious effects whatever upon the constitution. Those cured by it are left as healthy as if they had never had the disease.

Fever and Ague is not alone the consequence of the miasmatic poison. A great variety of disorders arise from its irritation, among which are Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitation, Painful Affection of the Spleen, Hysterics, Pain in the Bowels, Colic, Paralysis, and derangement of the Stomach, all of which, when originating in this cause, put on the intermittent type, or become periodical. This "CURE" expels the poison from the blood, and consequently cures them all alike. It is an invaluable protection to immigrants and persons travelling or temporarily residing in the malarious districts. If taken occasionally or daily while exposed to the infection, that will be excreted from the system, and cannot accumulate in sufficient quantity to ripen into disease. Hence it is even more valuable for protection than cure; and few will ever suffer from Intermittents if they avail themselves of the protection this remedy affords.

For Liver Complaints, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity, and producing many truly remarkable cures, where other medicines fail.

CRANE & BRIGHAM, San Francisco; H. C. KIRK & CO., Sacramento, Wholesale Agents.

jy22-1y

Every year increases the popularity of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff; and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes."

Sold by all Druggists, and Dealers in Medicines.

Price One Dollar.

Buckingham's Dye.

FOR THE WHISKERS.

As our Renewer in many cases requires too long a time, and too much care, to restore gray or faded Whiskers, we have prepared this dye, in *one preparation*; which will quickly and effectually accomplish this result. It is easily applied, and produces a color which will neither rub nor wash off. Sold by all Druggists. Price Fifty Cents.

Manufactured by R. P. HALL, & CO., NASHUA, N.H.

CRANE & BRIGHAM, San Francisco; H. C. KIRK & CO., Sacramento, Wholesale Agents.

WANTED, AGENTS!

$100 to $250 per month—everywhere, Male and Female, to introduce the genuine improved MARSHALL SEWING MACHINE. This machine will stitch, hem, fell, tuck, braid, cord, quilt, and embroider in a most superior manner. Price only $15, fully licensed and warranted for five years. We will pay $1,000 for any machine, high priced or low, that will sew a stronger, more beautiful or more elastic seam than ours. It makes the Elastic Lock-Stitch. Every second stitch can be cut, and still the cloth can not be pulled apart without tearing it. We pay agents $100 to $250 per month and expenses, or a commission from which twice the amount can be made. For circulars and terms, apply to or address.

S. MARSHALL & CO.,
No. 102 Nassau Street, New York.

CAUTION.—Do not be imposed upon by other parties traveling through the country palming off worthless cast-iron machines under the same name or otherwise. Ours is the only genuine machine manufactured.

DR. CHAS. H. TOZER'S
MEDICAL INSTITUTE,
Northeast corner
JACKSON AND KEARNY STS.,
SAN FRANCISCO.

THE GREAT
Eradicator of Special complaints
—FORMERLY OF—
Lock Hospital, London,

Nine years in Sacramento, and the last ten years in San Francisco, has

Returned to Practice.

After devoting to the practice of his profession and the successful treatment of CHRONIC DISEASES

Forty Years of his Life,

He determined to retire from his profession and devote the remainder of his days to the quiet enjoyment of private life; but the constant applications from the suffering everywhere, calling him to their relief, finally determined him to visit once more the scene of his early triumphs, LOCK HOSPITAL, and to spend a year with its wards in familiarizing himself with all the

New Methods

of treatment in that celebrated institution and then devote a few more years of his life to the alleviation of suffering humanity. He is again located at his old office, corner of Jackson and Kearny streets, San Francisco, where for ten years previous, his practice as a SPECIALIST resulted in the cure of all cases brought under his care. The Doctor's motto is: "Honorable and successful treatment and moderate charges to all."

My Plan is Purely Vegetable,

Destroying the disease and purifying the blood, so that there is no danger of secondary symptoms.

Rheumatism, Neuralgia,

And diseases arising from the use of Mercury, such as pains in the shin-bones, swellings of the different joints of the body, running sores, etc., and impurities of the blood, cured in a short time by the use of my VEGETABLE MIXTURES, known only to myself.

Seminal Weakness.

Should you be afflicted with any of the following symptoms, such as Weakness of the Back and Limbs, Pains in the Head, Dimness of Vision, Nervousness and General Debility, Loss of Memory, Confusion of Ideas and Depression of Spirits, Evil Foreboding, Self-distrust, and aversion to society, consult Dr. Tozer at once, and he will restore you to perfect health.

My Monthly Restorative Pills

Were never known to fail in giving relief in the cases for which they were recommended, and are to be obtained only at my office. Price FIVE DOLLARS, with full directions on each box. Sent by mail or express.

To Correspondents.

Patients of either sex residing in any part of the country, however distant, who may desire the opinion and advice of DR. TOZER, can, by submiting a written statement of the case to the Doctor, receive all the attention and medicine necessary to effect a cure, without the necessity of a personal interview.

All letters strictly confidential, opened and answered by the Doctor himself.

Consultation, at the office or by letter, FREE.

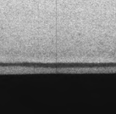
TO THE UNFORTUNATE.

NEW REMEDIES! NEW REMEDIES!

DR. GIBBON'S DISPENSARY,



No. 632 Kearney Street, corner Commercial, San Francisco, established in 1854, for the treatment of Sexual and Seminal Diseases, Weakness, Impotency, etc., etc. Skin diseases of years standing, and Ulcered Legs, etc., successfully treated.

DR. GIBBON

Has the pleasure of announcing that he has returned from visiting the principal hospitals of Europe, and has resumed practice at his Dispensary, 623 Kearney street, corner of Commercial, where his old patients and those requiring his services may find him.

The Doctor has spared neither time nor money in seeking out new remedies, and has returned with increased facilities for the alleviation of human suffering.

Produces with unerring certainty the following train of morbid symptoms, unless combated by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves or rattling chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, pimples and various eruptions about the face, hectic flushes, furred tongue, fœted breath, coughs, consumption, night sweats, monomania and frequently insanity. If relief be not obtained, you should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure.

Persons at a distance may be cured at home, by addressing a letter to Dr. Gibbon, stating case, symptoms, length of time the disease has continued, and have medicine promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use. By inclosing $10 in coin, in a registered letter, through the Post Office or through Wells, Fargo & Co.

A package of medicine will be forwarded express to any part of the Union.

Persons writing to the Doctor will please state the name of the paper they see this advertisement in.

Private entrance on Commercial street.

All communications strictly confidential.

Address: DR. J. F. GIBBON,
